### [Eating and Sensory Workshop](#)

They are running a three-week series of workshops lasting 90 minutes supporting parents and carers to explore the challenges they face with food.

## Community Fridge Food Hubs Fund

Through their partnership initiative, Co-op and Hubbub Foundation have so far funded the creation of 350 Community Fridges.

Now, with funding from additional partners The Rothschild Foundation and the Starbucks Foundation, this programme will support the development of 50 Community Fridges into Food Hubs that support even more community food-based activities.

Grants are available to non-profit organisations with an open community fridge to develop additional 'food hub' activities across the UK.

**Funding body:** Co-operative Group

**Maximum value:** £ 7,000

**Application deadline:** 31/05/2023

The funding is intended to increase the social and environmental impact of community fridges by allowing them to deliver their own activities that will bring local people together and provide access to healthy, affordable and sustainable food.
