[Training Needs](#)

StreetGames want to support groups and organisations with their training and development needs. They want to learn about your workforce and what support and training your staff, volunteers and young leaders need in order to sustain and grow your high-quality holiday provision.

They have created a form for all organisations to complete. This will give them the important information to help them shape the training programme to suit your needs over the next two years of the Healthy Holidays programme. Please take some time to let them know what you require.
